

A GUIDE TO MINIMALISM

Is your home working for you or against you?

Your house won't be perfect. There is a difference between having things perfect and getting rid of chaos. Instead of asking "What things will make this house look perfect?" let's ask:

What hot zones cause chaos in your home? (Ex: Zones that are NEVER organized, or always require money, upkeep or attention.)

What will tame the chaos? (Ex. A key holder that will help you avoid searching for keys every morning)

Is there anything I can sell on social media?

What areas need to be decluttered?

Set a date on your phone for them. Do small chunks, like a drawer a day.
